House Warming on the Top of Mason Hill  
A delightful occasion was the house warming given at the newly acquired camp of Miss Lilla A. Staples of the evening of July Fourth. Miss Staples' camp is situated on the top of Mason Hill in South Waterford near the homes of her brothers. There were many guests present and the house was thor-oughly warmed, both by a roaring fire in the large stone fireplace and by songs and laughter, stories and all sorts of good cheer.

Two nieces of Miss Staples, both Wel-lesley students, gave charming dances and various college stunts. They also in-troduced a marvelous new card game which was a "blue-ribboner" for fun. Later in the evening after showering Miss Staples with congratulations and all sorts of good wishes, the crowd of guests went to the lovely old fashioned home of Mr. Lytton Staples. The house is the original Mason home which has been restored; and the century old fire-places with cranes, the brick oven, low ceilings, etc. are all full of interest and charm. Here delightful refreshments were served from small tables, in the large living room. Music, dancing and cards kept the hill-top merry and gay until the wee, small hours.

Many out of town guests were present. Among them was Mrs. W. L. Palmer of Worcester and her daughter, Miss Grace Palmer, a Wellesley Junior and Miss Ruth Gilpatrick of Old Orchard. Many friends from Biddeford were there, returning next morning by automobile.

Get the Big Price for Your Hay

The quality of your hay determines the feeding value and the price. There is often a difference of from \$4.00 to \$10.00 per ton between choice hay and hay that grades No. 3. Increase your hay-land profits by air-curing your hay. Use a

John Deere  
Dain System Rake

Air-cured hay is better hay. It holds its color. The leaves do not become brittle. There is little loss in handling. The hay keeps better in the mow, stack or bale, and is more palatable, more digestible and has greater feeding value. Whether you sell your hay or feed it, your profits are increased when you adopt the Dain system of making hay.

It does not cost you anything extra to air-cure hay. You merely use a Dain System Rake.

The Dain System Rake is the best for this purpose. It is the easiest to operate, and you can handle the heaviest hay because, with the inclined frame, the capacity is the greatest where the quantity of hay handled is largest. And, remember, the curved teeth of the rake lift the hay instead of kicking it.

Drop in and look over the Dain System Rakes we have in stock.

## NORWAY VICINITY

Dr. Fred E. Drake has returned from a visit with his brother, Dr. W. A. Drake, at Weymouth, Mass. Dr. Drake is taking his vacation from the Oxford Democrat office and will spend part of the time in Brockton, Mass.

Elyne Allen, formerly of Norway, now superintendent of schools in the district comprising Bristol, Danvers, and Newcastle, has received an advance in salary, beginning this month. In view of excellent service rendered, the amount of \$1600, received from the county as before, which with \$1200 in salary, will give a salary of \$2800. This is a substantial increase.

## Downie Brothers' Circus

Downie Bros., Circus, the first motorized outfit of its kind to play Norway and South Paris, gave two performances at Oxford County Fair grounds, Saturday, July 9, to crowded houses. There was something interesting from the mile long motor parade with its bands, open cars of wild animals and other attractions to a wrestling match that closed the concert in the evening.

The show arrived from Bridgton during early morning hours on some fifty motor trucks of the one-ton type. Performers, musicians, and others had tourists' homes on wheels and fitted with sleeping quarters. Small tents that soon fringed the lot were recreation centers during the hours of rest. A well equipped commissary department fed the large circus family, numbering some 150 men, women and children.

A combination of menagerie and side-show offered many attractions, comprising wild animals and several platform stunts, not overlooking Punch and Judy, colored plantation show and Oriental dancers. The big show program was nicely balanced, being produced in three rings and steel arena. Lions, tigers, elephants, monkeys, dogs, goats, and ponies did their stuff. Especially interesting was a performance of a tiger, goat, sheep, and dog in a combination act well received.

Acrobatics on ground and in air included revolving ladder, single and double trapeze, flying rings, jugglers, revolvers, and other stunts. Gene and Mary Enos in head balancing and perch act attracted favorable comment for the clean-cut performance.

Grown alley brought out laughs with considerable new stuff and surprises sure to go across anywhere. The time honored concert presented will next stunts and a wrestling match in which Homer Truman of Norway, widely known over the state, went on with the circus matman, afternoon and evening.

Andrew Downie was with the show for a few days. This outfit is his plaything, for he drops other business every so often to become a trouper as in days way back when going was hard, and the "ghost" proved less friendly. During his absence from the show, his management is under the supervision of competent superintendents that must keep the show in motion, and clean throughout.

A well equipped portable electric plant furnishes daylight conditions in the tents every night, and a vast contrast to gasoline jets recalled by old-timers. The show left a good last for their return within two years.

Lesson for July 17  
**SAMUEL ANOINTS DAVID**

LESSON TEXT—1 Samuel 16: 1-13.  
GOLDEN TEXT—Let no man despise thy youth; but be thou an example of the believers in word, in conversation, in charity, in spirit, in faith, in purity.  
PRIMARY TOPIC—A Shepherd Boy Chosen King.  
JUNIOR TOPIC—God's Plan for a Boy's Life.  
INTERMEDIATE AND SENIOR TOPIC—How God Chose David.  
YOUNG PEOPLE AND ADULT TOPIC—Discovering Future Leaders.

1. Samuel Mourns for Saul (v. 1).  
1. Why he mourned. The death of Saul was, no doubt, a personal loss to Samuel, for Saul was a commanding and lovable personality. Then, too, the rule of so promising a career would be a reflection upon him and should be a rebuke. When sorrow comes a hindrance to the discharge of duty, it merits rebuke.

2. Excessive mourning rebuked. The fact that God had rejected Saul should have lifted Samuel out of his grief. Excessive grief over that which God does is a reflection upon Him and should be rebuked. When sorrow comes a hindrance to the discharge of duty, it merits rebuke.

3. Samuel's fear (v. 2). Perhaps by this time Saul was becoming a desperate character. Samuel still knew that if Saul should hear that he was taking steps to anoint a successor to the throne, his own life would be in danger. Samuel was wise in submitting this hard situation to the Lord. God's servants are to be brave. However, even when going on errands for God we should not court danger.

4. The Lord's direction (v. 3).  
The Lord smoothed the way for Samuel. He showed him how to perform his duty and escape the danger. Samuel was to take a heifer and announce that he was going to offer a sacrifice unto the Lord and to call Jesse to the sacrifice. The prophet has no doubt all that would happen. This is usually God's way with us. He gives us our work piece by piece, and guides us step by step. Samuel's purpose was known only to himself. It was to be kept a secret so that the news would not reach Saul. This was a shrewd device but entirely legitimate. We may suspect that which others have no right to know, especially when such a disclosure would be detrimental to the success of our mission. What Samuel said was true.

5. Samuel's Obedience (v. 4-13).  
1. The trembling elders of Bethle-hem (v. 4, 5).  
Their unusual movement was an occasion for alarm. To the elders' alarm, inquiring Samuel responded with the assurance of peace, inviting them to join him in worshipping the Lord.

2. Examination of Jesse's sons (v. 6-12).  
The Lord had revealed to Samuel that one of Jesse's sons was to be the new king, but not the particular one.

3. David chosen (v. 8, 12).  
All but one of Jesse's sons had been looked upon, but still the Lord's choice had not appeared. Jesse's reply to Samuel's question as to whether all his children had appeared seems to imply that David was not of much importance. At any rate he was only a boy, while his brothers were already young men. He was considered good enough to watch the sheep, but not to be called to the feast. This is ever the way of man. He overlooks the very ones whom the Lord has chosen for purposes of honor and influence.

Because David was faithful as a shepherd boy, he was in line for promotion when God's given time arrived.

4. David anointed (v. 13).  
When the shepherd lad appeared, the Lord directed Samuel to anoint him. When the oil was applied the Spirit of the Lord came upon him. David was a gifted and attractive lad, but his gifts were of no avail without the Spirit of God. Only as we are anointed by the Holy Ghost can we truly do the Lord's will and work.

We Can Choose  
We cannot tell what shall be on the morrow; but we can choose what we ourselves will be. We can resolve to live faithfully whatever betides. . . . We can walk with the bright angels, and wrestle with the dark ones, and oblige the flying hours to leave a blessing behind.—N. Y. Frothingham
